Opening Doors Home Owners Association (HOA) Assistance Program Application

Introduction

“Opening Doors” is the Pacific West Association of REALTORS® Charity Foundation’s (PWRCF) Home Owners Association Assistance program (HOA). The program was established as a means for the REALTOR® community to assist with the housing affordability crisis by helping families achieve the American dream of home ownership.

By providing home owners association assistance, this program positively affects housing affordability by creating buyer equity, a lower monthly payment, a guaranteed market interest rate on a safe mortgage product, buyer education, and pride of home ownership and personal accomplishment. The program was structured to be partnered with other state, county and charitable programs, therefore closing the housing affordability gap and bringing the opportunity of homeownership to challenged buyers.

For the purposes of this outline, the following definitions will remain:

- ❖ “PWR” shall refer to the Pacific West Association of REALTORS®.
- ❖ “PWRCF” shall refer to the Pacific West Association of REALTORS® Charity Foundation.
- ❖ “Opening Doors” shall refer to the PWRCF “HOA” Home Owners Association Assistance Program.
- ❖ “Applicant” or “Buyer” shall refer to the individual(s) making application to the “Opening Doors” program.
- ❖ “PWR Underwriting Committee” shall refer to the team of lenders appointed by PWR or PWRCF to review and make funding recommendations.

1. The total acquisition cost (price) of the property must be equal to or below the price limit for the county in which the property is located, under the applicable columns for Targeted or Non-Targeted Area as defined in the CHFA Homeownership Program Sales Price Limits. Current limits are \$400,000 (non-targeted) for Orange County and Los Angeles Counties.

3. Each unit must meet the minimum eligibility requirements of the applicable mortgage insurer.
4. The property must be intended for single-family residential use only. Single family homes and condos are acceptable property types. Additional units, including guest houses, "Granny" units, "in-law" quarters, and/or separate units containing kitchen facilities, are not eligible for the HOA assistance.
5. Any residential unit where more than 15% of the total area of the residence will be used for a trade or business and/or which qualifies the Applicant for a tax deduction for a business expense for business use of the residence under section 280A of the IRS code (or other applicable codes) is not eligible.

6. All units must be free and clear of all resale controls/restrictions and/or secondary financing unless previously approved by the PWR Underwriting Committee.
 7. HOA must meet agency requirements for loan type (FHA/VA/FNMA/FreddieMac)
 8. HOA Certification required (fee may be required)
 9. HOA must be approved by PWR Underwriters (sufficient reserves required, pending litigation, excessive delinquent dues, excessive investor ratio not allowed).
 10. All units must be complete with respect to construction or repairs, ready to occupy, meet health and safety standards of the locality, and meet all of the requirements of the mortgage insurer.
 11. Defects/repairs identified by the appraiser and/or requirements specified by the appraiser on the appraisal report must be corrected. Neither PWR nor PWRCF, or its agents, shall be expected to verify these matters in any manner whatsoever.
